

FIRST LEGO LEAGUE

Where: Wright State

University

Student Union

When: September 15, 2006

Time: 4:00 p.m. -- 6:00 p.m

Who: Interested FLL Teams

Cost: **FREE!**

Meet Nanotechnology Researchers!

ELENA A. GULIANTS, PH.D

Dr. Guliants, Assistant Professor at the University of Dayton, has research experience in electronic materials and devices; and in nanoscience and nanotechnology, most currently in the development of nanoparticle-based opto-chemical sensors.

See:

Competition Field!

Referees!

Project Judges!

Technical Judges!

Teamwork Judges!

SABER HUSSAIN, PH.D

Dr. Hussain is a principal investigator and research toxicologist at the Air Force Research Laboratory, Applied Biotechnology Branch at WPAFB. His major research goal is to understand how engineered nanomaterials interact with mammalian cells.

NANO

QUEST

Contact Kathy Levine at kathleen.levine@wpafb.af.mil or at (937) 255-5259 for more information or to RSVP.

2006 KICKOFF
